

# Fun with Friends

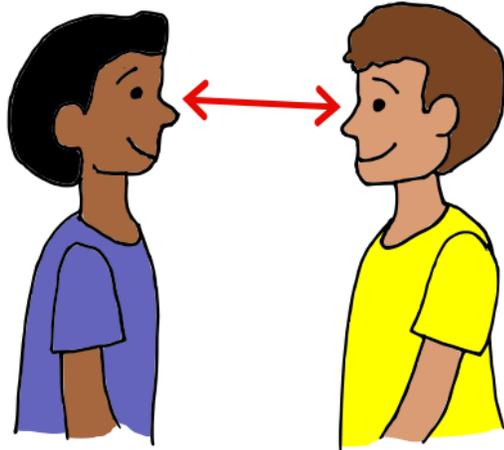

Friends like to play together

We play in the classroom.

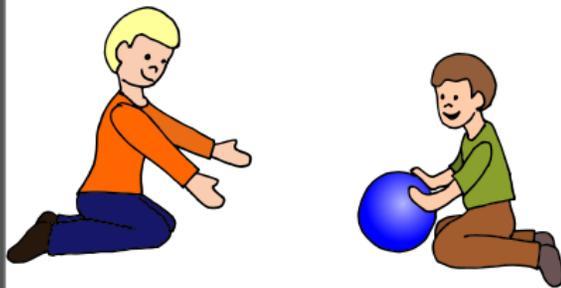

We play on the playground.

If I want to play with my friends,  
I need to ask them.

Do you want  
to play  
with me?

Sometimes my friend  
wants to play.

We can play  
together.

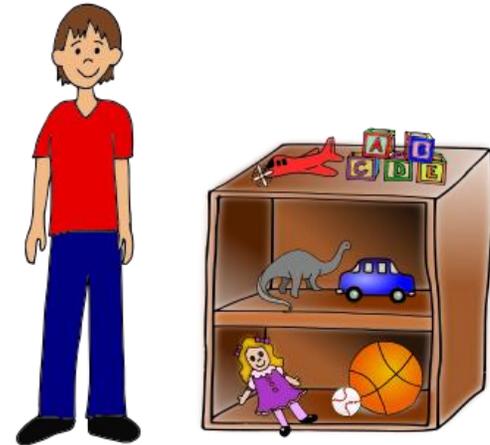

We can play with  
two of the same toys.

Do you want  
to play  
with me?

No thanks.

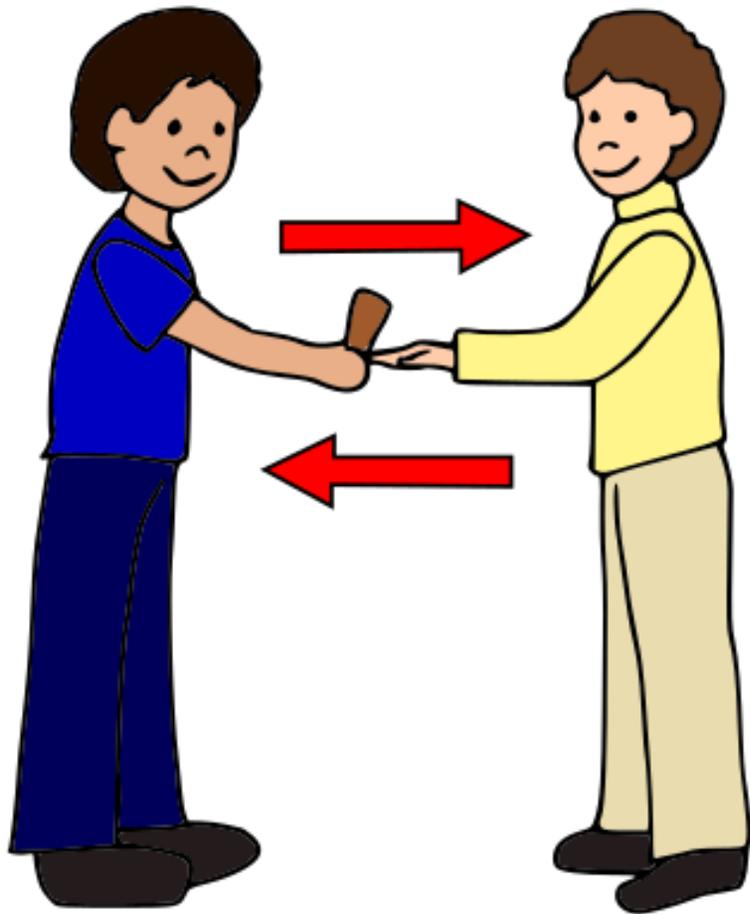

Sometimes my friend does not  
want to play with me.

I can play something  
different.

We can play different things.

Friends can take turns  
playing with a toy.

It is fun to play with  
friends!
