LessonPix

Your Online Resource for Custom Materials Simple and Affordable

\$36 per Year

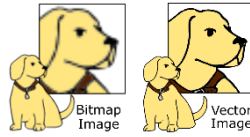

We believe in the power of visuals.

Our priority is to give the flexibility you need for customization, simplicity for families, and affordability for individuals.

LessonPix Symbol Library

LessonPix clip art library includes over 60,000 vector symbols, intentionally drawn to be simple, with minimal backgrounds, and represent a single-meaning.

Three Symbol Styles

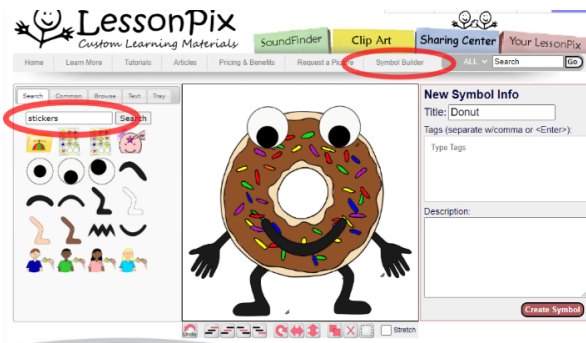

LessonPix includes **Unity symbols**, an AAC language system and the foundation for LAMP Words for Life.

Our **color-changing tool** lets you adapt symbols including high contrast for low-vision needs.

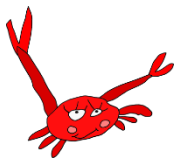

Try the **Symbol Builder** for truly custom symbols!

Check out **kid drawn symbols**. They're so cute! Kids relate to kid-drawn symbols.

And you can add your own photos too!

Visuals Work!

And LessonPix makes it so easy

Just drag the symbols you need to the tray and click "Create Materials". Then, choose the template and the wizard will walk you through the details. So simple!

With hundreds of templates to choose, you can create your custom material in seconds.

Even better....

The **LessonPix Sharing Center** has thousands of ready-to-print materials at your fingertips!

So Many Features!

LessonPix has so many powerful tools and features to truly customize materials for your specific needs!

- SoundFinder Tool lets you search by sounds
- Upload your own photos and symbols to use in any template
- Make Text as symbols for literacy activities
- Translation tool let's you translate your material into any language
- "In A Story" articles provide premade activities for your favorite storybooks.
- Download your material as a PowerPoint file for remote learning or interactive whiteboards
- PlayTools provide more fun with interactive spinners, dice, and draw cards.
- PowerPoint and Word Add-in and Google Add-on puts LessonPix right inside these applications.
